

# AI and big data: How is copyright law affected?

**Daniel Westman**

1. AI

## 2. Big data

# 3. IoT

“Likely to leave **no** part of society  
untouched”

“This is happening **today**”

Implications for the **law**?

IP law

1. Protection for AI applications?

## 2. Protection for the data that powers AI v. Right to access and use of data

### 3. Protection for creations and inventions made by AI

## 4. IP infringement by AI

A catalyzer for fundamental  
changes of IP laws?

Effects on the “copyright industry”
